St. Anthony Extended Care offers the benefit of only being charged for the care you truly need. Children may use Extended Care as often or as little as the family may need. If your schedule changes, your Extended Care schedule can be changed at the beginning of the following month, add or subtract the days you need.

Go to SchoolSpeak – Extended Care link and fill in your scheduled days and tally your costs and print it off! The only changes in your billing will be any unscheduled days your child may attend.
